I cubi e le spalle in offerta sono in fusione di ghisa GJL 300.

Il prezzo include la lavorazione per l'interfaccia al pallet della macchina utensile come da normativa **JIS**, (macchine utensili giapponesi), e la sgrossatura delle facce con 4 mm di sovrametallo sul totale.

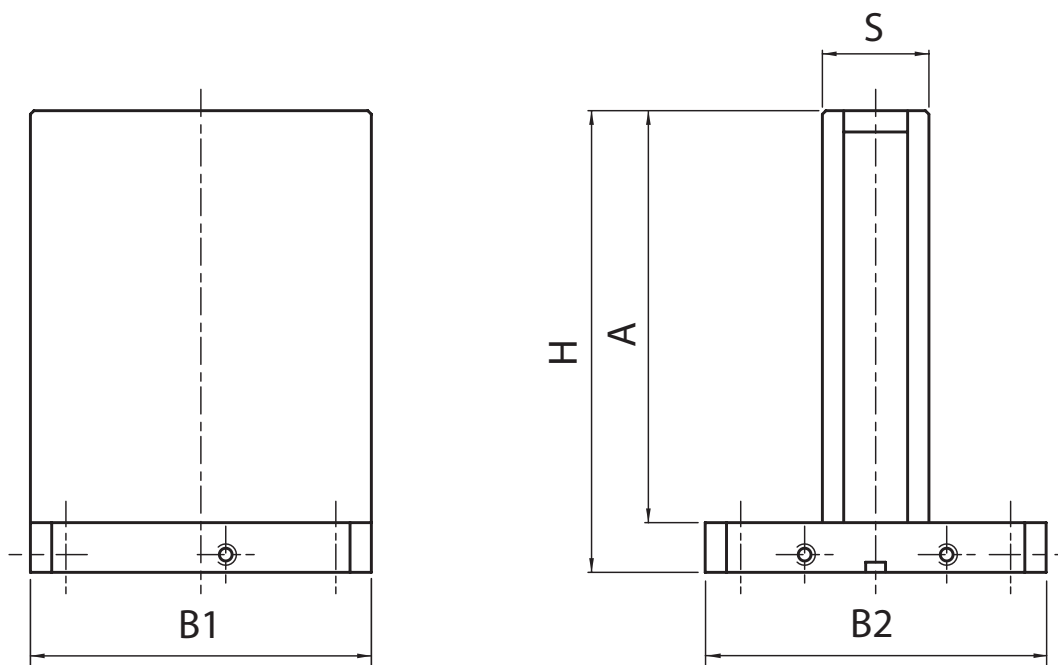

A richiesta la base può essere lavorata secondo specifiche del cliente.

The tombstones and the crankwebs in the offer are in cast iron GJL 300.

*The price includes the working for the adaptation to the machine tool pallet according to the **JIS** specifications, (japanese machine tools), and the faces are rough milled with 4 mm of overall material. Upon request the base can be machined following customer's specifications.*
