# MOST FLEXIBLE SOLUTION

# A RANGE OF TOOLS AS INDIVIDUAL AS YOUR

Comprehensive range with more than 15,000 products

More than 500 ergonomic hand tools

Numerous proven standard ranges

Development of customised workshop trolleys and ranges

For the first time, Bahco, the innovation driver of the tool sector, is offering a free software solution which allows customers to optimally design and configure their workshop trolley, foam inserts and tools to their individual requirements.

The software allows you to configure everything from the individual composition of your tool selection or the customisation, colour scheme and marking of inserts and workshop trolleys. Apart from the economic benefits of reducing the assortment of tools to the needs of your individual job,

Bahco Tool Solutions offers additional advantages not only for technically sensitive applications. The personalisation of your tools is based on your specific allocation plan through laser-etched labelling that will provide long-term logistical and security benefits which you can count on. Bahco Tool Solutions: All-round efficiency.

# JOBS

# CONFIGURATION SOFTWARE Bahco Ergo Tool M

Designing your workshop trolley

- Frames in various colours and sizes
- Free combination of drawer and frame colours
- Variety of drawer capacities
- Selection of various work surfaces (stainless steel, wooden or rubberised surface)
- Additional accessories such us folding work surface, can holder etc.

Putting together your individual tooling selection

- Choice of tools from the comprehensive Bahco range
- Inclusion of existing tools possible
- Individual layout of tools in each draw

Personalising your tools

- Laser marking
- Development and manufacturing of essential tools

Personalised design of your tool tray inserts

- Sizes
- Cut-outs
- Layout
- Colours

Bahco's vision was nothing less than the total customisation of the workshop trolley and tool assortment to suit the requirements of the user.

In order to realise this vision, Bahco has developed BETMS:
a software solution that enables the user to create their own optimal, personalised solution from Bahco's extensive range of tools, workshop trolleys and other storage solutions, as well as the tool assortment.

**Benefits**

- Your assortment only contains the tools you actually use and makes it easy to quickly find the right tool
- Cost savings by eliminating unused tools or particular sizes included in standard assortments
- Laser engraving brings security benefits and helps to prevent theft
- Variety of trolley colour schemes can support your corporate design or individual company image

**ERGO TOOL MANAGEMENT SYSTEM**

# Management System BETMS

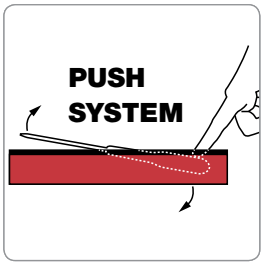

# **STORAGE SYSTEMS** Workshop trolleys

## The flexible workshop trolley range

The extensive range of high quality Bahco workshop trolleys is optimally directed towards the daily requirements of the professional user. Numerous workshop trolleys in different colours and with various combinations of drawers are available as standard stock items.

- Choice of work surfaces: stainless steel, rubber, solid wood
- Lock & Go locking system prevents the accidental opening of the drawers if the trolley is moved
- 2 fixed castors and 2 swivelling castors with brakes
- Fully openable drawers with ball-bearing slides
- Double wall frame. Drawers and slides will still work perfectly even if the frame gets damaged
- Load-bearing capacity: 900 – 1 000 kg
- Comprehensive range of accessories
- Drawer capacity: 45 kg

# TOOL CASES AND TOOLBOXES

**Tool assortments for mobile applications**

With a Bahco tool case or toolbox, you always have the most important tools to hand in every job.

Choose from either our proven standard assortment or ask us to help you put together one tailored to suit your requirements.
You will also benefit from our customised foam inserts:

You will be able to see at a glance which tool belongs where and whether one is missing – an important advantage when you are out on a job where you are unable to pick up a replacement.

**Rigid cases:**

- Stable tool case made from polypropylene
- With telescopic handle and wheels
- Resistant to temperature fluctuations, dirt and water
- Pressure equalisation valve
- Lockable and stackable with identification label

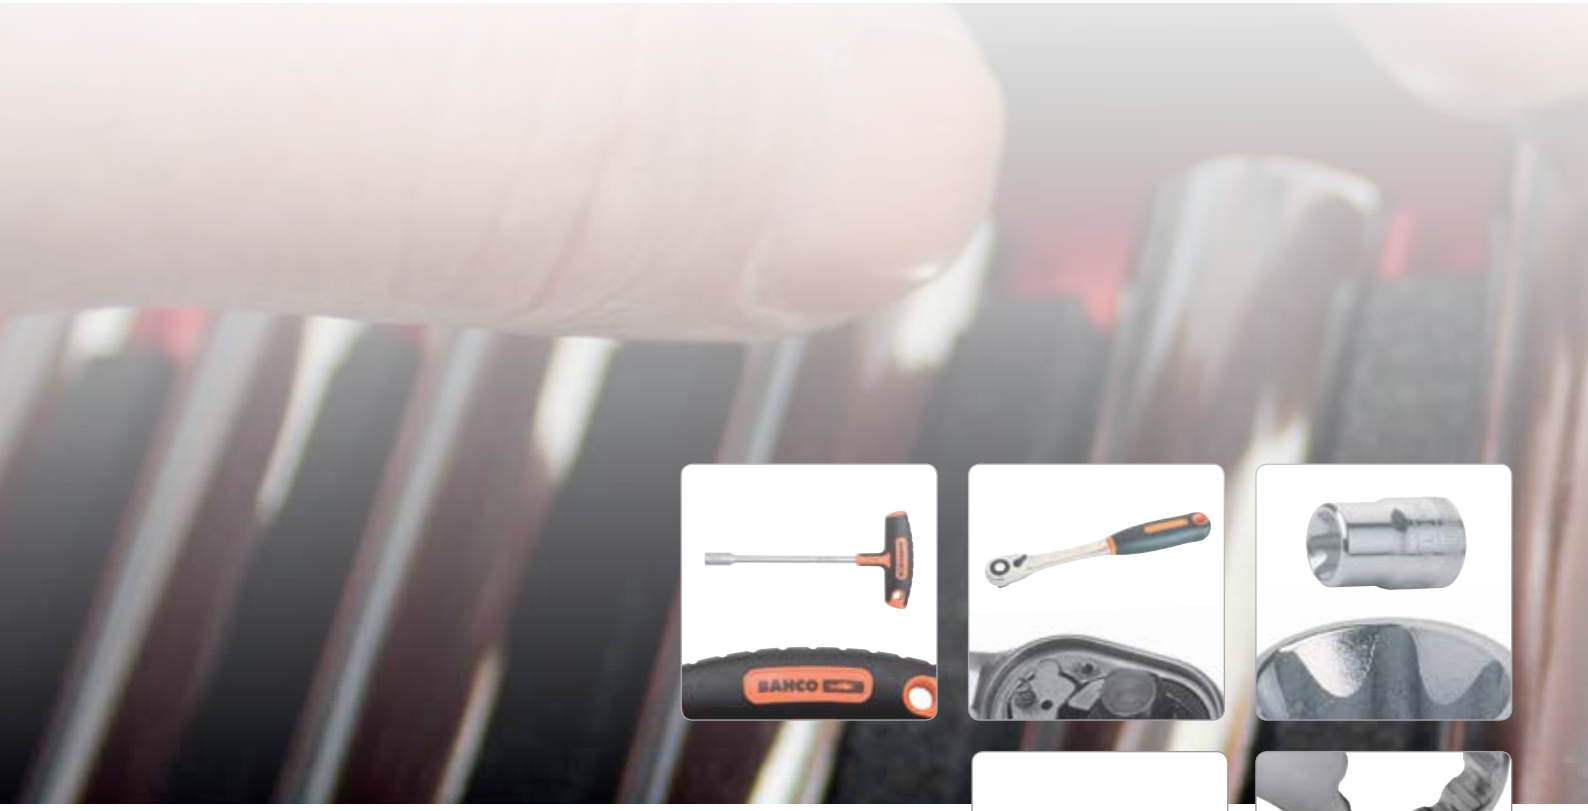

**Metal toolboxes:**

- Aluminium chequer plate case for safe grip and lid reinforcement
- Fully openable drawers
- Handles on sides and lid for safe transport
- Tool holders in lid for additional storage space

# PERSONALISED TOOL ASSORTMENTS Tools

**High quality hand tools**

With an extensive range of over 15,000 products, 11 European production sites and over 150 years' experience in the development and production of hand tools, Bahco is your ideal partner for creating personalised tool solutions.

- Comprehensive range with more than 15.000 products
- More than 500 ergonomic hand tools
- More than 150 years' experience in the manufacture of hand tools

ergo®

**Efficiency and safety through ergonomic hand tools**

Ergonomic hand tools provide the user with a high degree of control, comfort and precision.
All Bahco tools which carry the ERGO™ logo have been developed, tested and manufactured in accordance with our ERGO™ scientific development programme.

# TOOL TRAY INSERTS

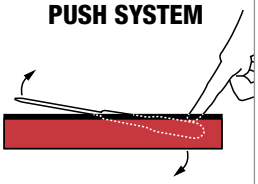

**FLEXIBLE LAYOUT**

**FLEXIBLE SHAPES**

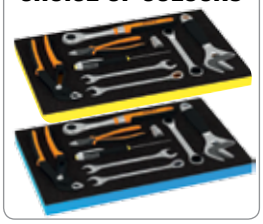

**PUSH SYSTEM**

**LOAD-BEARING BASE**

**CHOICE OF COLOURS**

**Configuring your individual tool inserts**

- Flexible layout of tools in the foam
- Push System: simplified tool withdrawal through recesses
- Choice of foam colours
- Every tool has its own place:
  bi-coloured foams enable rapid identification of a missing tool
- Customer-specific solutions possible

**Selection of a proven standard assortment**

- Choose from our proven standard range of products
- Available for both workshop trolleys and mobile applications

# TOOL CONTROL AND SECURITY Personalisation

**Labelling of tools**

Effective use and maximum reliability in many technical areas is absolutely essential today. Take aviation for example – with ever shorter ground times, security checks and maintenance work have to be precisely organised to ensure a smooth and error-free service.

So that every technician always has his equipment ready for use, we offer the option of personalising tools and inserts with laser etching. This also helps to prevent mix-ups or theft of equipment parts.

- Logo marking
- Coding with any combination of numbers and letters
- Anti-theft protection through ownership control
- Prevents mix-ups on large construction sites
- Cost savings by minimising tool shortages

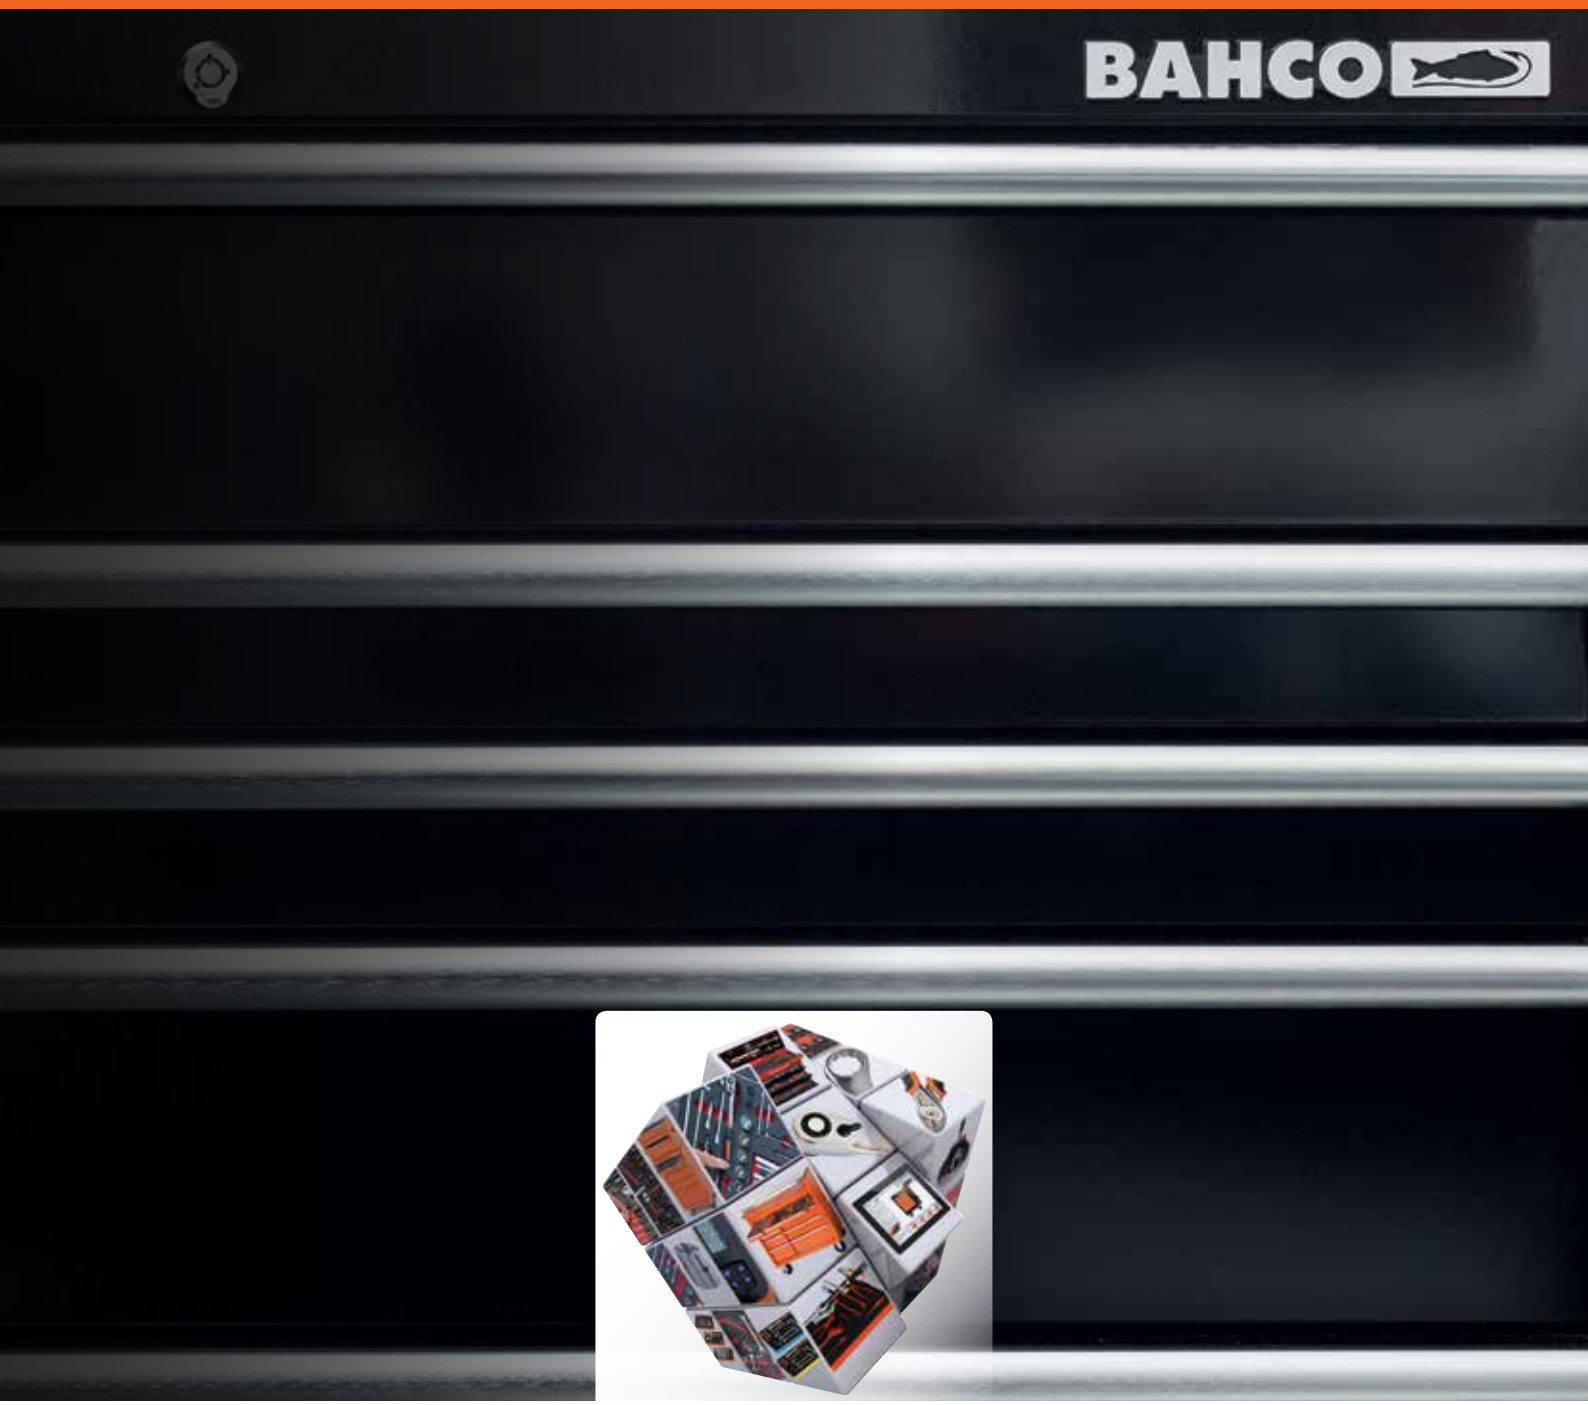

**Tool control**

- Checking the completeness of tools in workshop trolleys in critical applications e.g. aviation, mechanical engineering, laboratory equipment technology, food industry
- Storage of any amount of information for individual allocation plans (person, trolley, field of work)

# NEW GENERATION OF SOFT BAGS

Specifically developed to make your job easier

# BUILDERS OPEN BAG

## 4750FB1-19A

**Velcro straps for long tools:**
Spirit levels, tubes and similar longer material can be stored using those straps with the quick velcro system positioned in both upper side of the bag

**Soft grip handle:**
Made of rubberized material. Provides a user friendly grip and isolates from touching any cold material

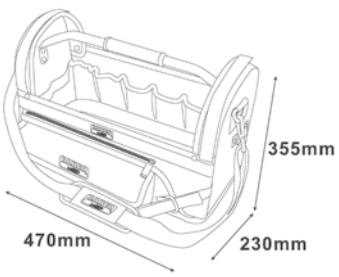

**HARD BOTTOM**
100% waterproof

Measuring tape, card holder & phone pocket on one side

**Hand saw special pocket:**
With a zip and velcro strap for a quick storage, avoids any accident and / or lost during transport

Code: **4750FB1-19A**

## 3100TB

600 x 400 x 400 mm

# BUILDERS OPEN & CLOSE CASE

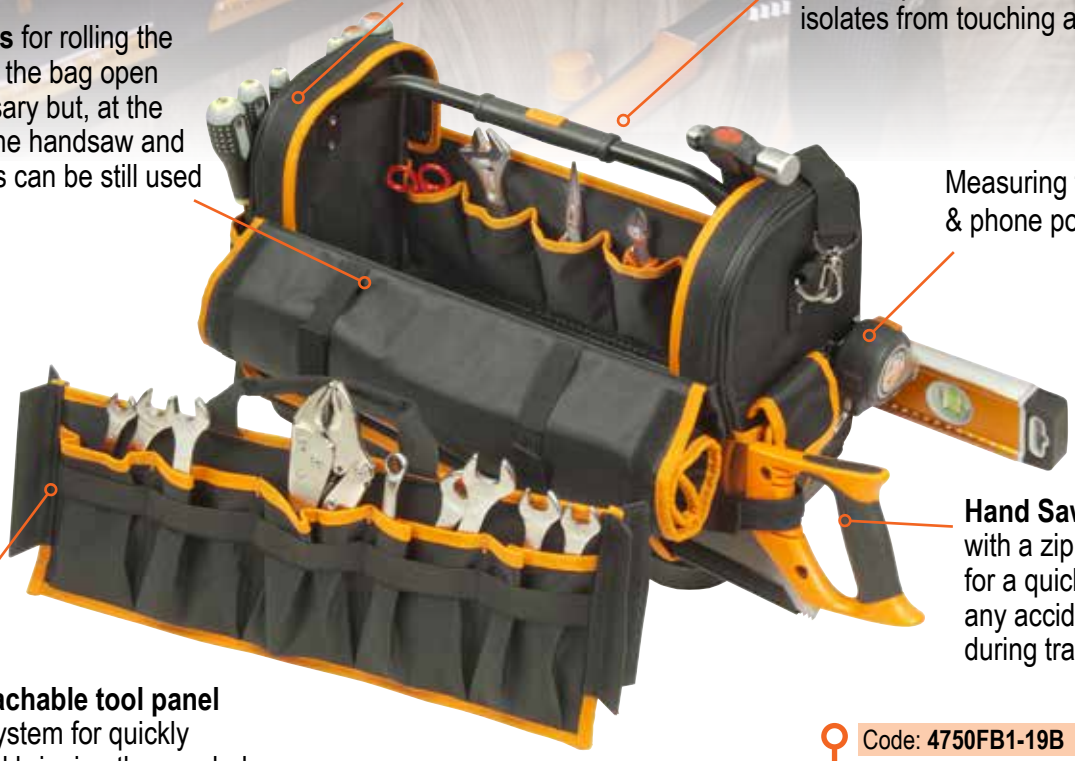

## 4750FB1-19B

**Screwdriver section:** with elastics for keeping those tools always at hand

**Soft grip handle** made of rubberized material provides a user friendly grip and isolates from touching any cold material

**Velcro straps** for rolling the cover: keeps the bag open when necessary but, at the same time, the handsaw and other pockets can be still used

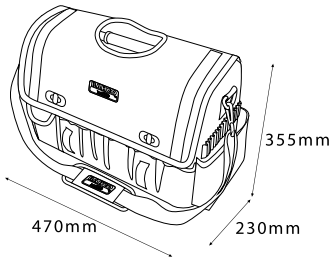

Measuring tape, card holder & phone pocket on one side

**Hand Saw special pocket:** with a zip and velcro strap for a quick storage, avoids any accident and / or lost during transport

**Internal detachable tool panel** with velcro system for quickly removing and bringing the needed tools. Elastics and pockets included

Code: **4750FB1-19B**

Softgrip handle access trough the cover

Velcro straps for long tools

Spirit level elastics
Holders on back side

Hard bottom:100% waterproof

Specifically developed to make your job easier

# OPEN BAG WITH WHEELS

## 4750FB2W-24A

**Under lid net zipped** pocket for documents

**Multiple** screwdrivers **Internal pocket** section

**10" Tablet** size specific pocket

Handsaw **internal zipped pocket**

**Elastic & velcro quick adjustable straps** for long tools such as spirit levels, tubes…

**Side horizontal handles:** for easier pulling the bag when stored in confine places, pic ups, etc

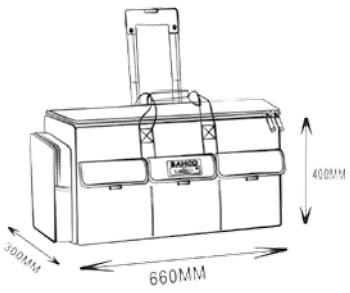

**Side big pouches:** Left one zipped detachable Right fixed one includes a plastic box for small consumables: screws, nuts, washers, terminals

**HARD BOTTOM**

100% waterproof

Code: **4750FB2W-24A**

Telescopic handle: 960 mm max

Externally positioned pu 80 x 25 mm wheels: For better stability and Silent when rolling

Card holder

# “THE ORIGINAL” CLOSE BAG

**4750FB2-19A**

**4750FB2-24A**

**Double heavy duty zips**

**Multiple internal and external pockets**

**4 practical pockets** on one side

**Handsaw internal holder** (tip protector & handle velcro holder)

**Quick adjustable straps** for long tools such as spirit levels, tubes…

Measuring tape, card holder & phone pocket on one side

## HARD BOTTOM

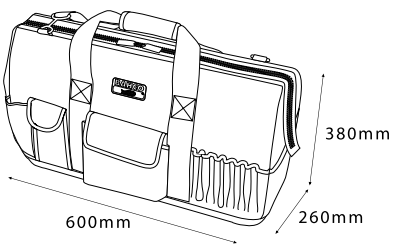

100% waterproof

Code: **4750FB2-19A**

Code: **4750FB2-24A**

Specifically developed to make your job easier

# LAPTOP TOOLS BAG

## 4750FB4-18

**Divers height pockets** and sections in each compartment allows a better tool distribution and to bring only one to the work place for avoiding carrying a heavy bag

**Document pocket** in each side detachable compartment

Central **big padded compartment** for laptop and similar delicate material and **two detachable side sections**

Measuring tape, card holder & phone pocket on one side

Side detachable compartment:
**each one has its own design** for better covering the needs of each user

**HARD BOTTOM**
100% waterproof

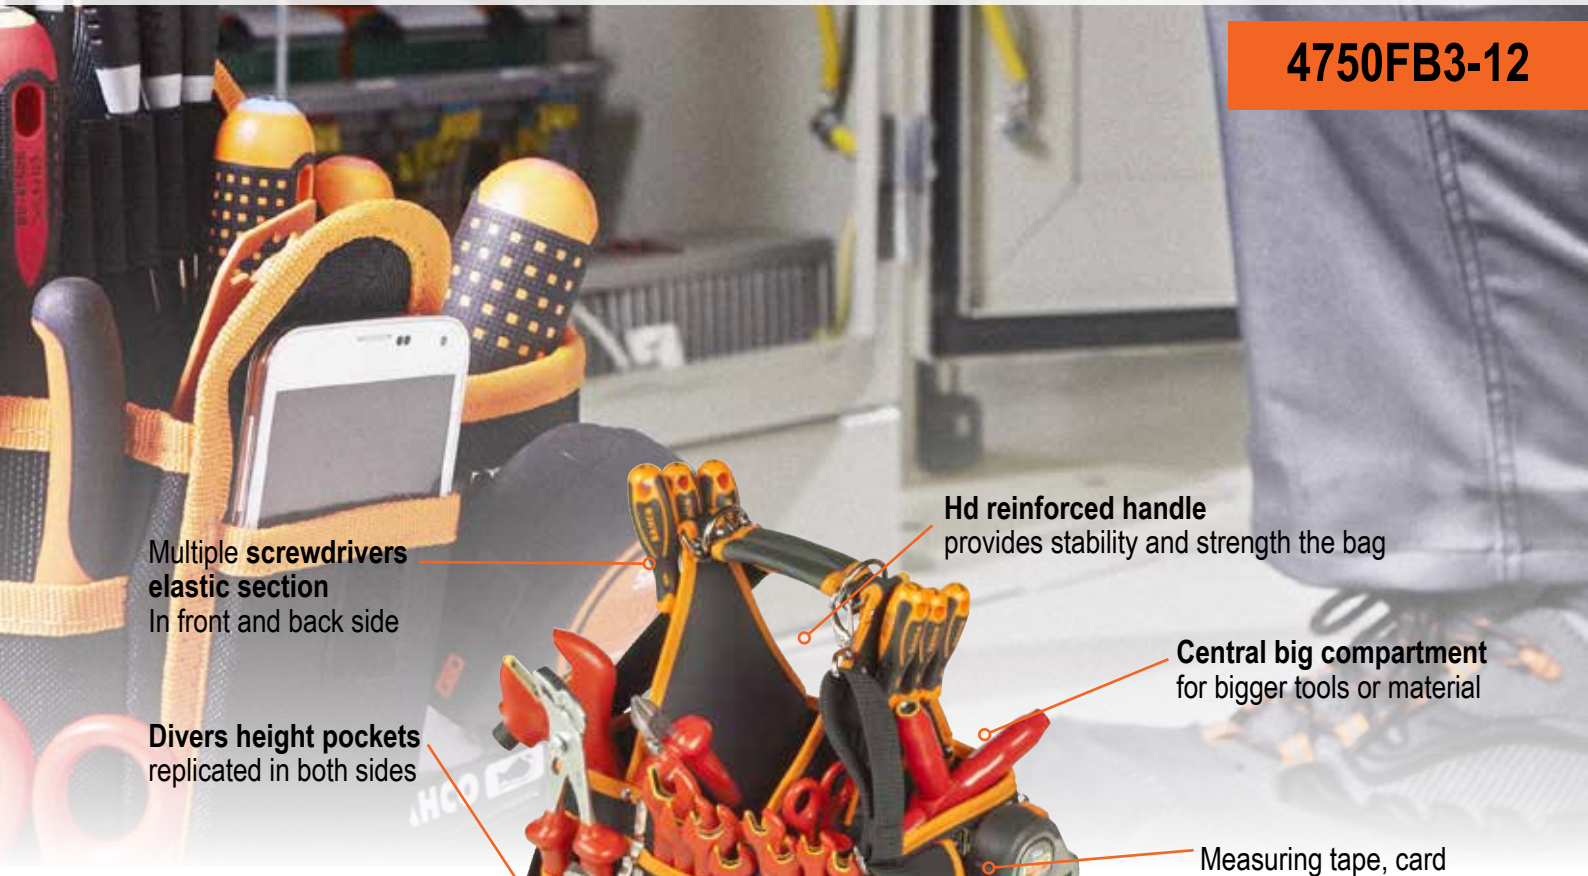

Code: **4750FB4-18**

# ELECTRICIAN BAG

**4750FB3-12**

Multiple **screwdrivers elastic section**
In front and back side

**Hd reinforced handle**
provides stability and strength the bag

**Central big compartment**
for bigger tools or material

**Divers height pockets**
replicated in both sides

Measuring tape, card holder & phone pocket on one side

**HARD BOTTOM**
100% waterproof

**Big bottom pocket**
**Including a plastic box** for small consumables: screws, nuts, washers, terminals

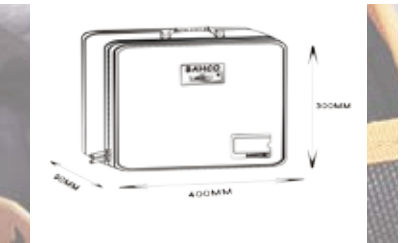

# BAHCO FOLDERS

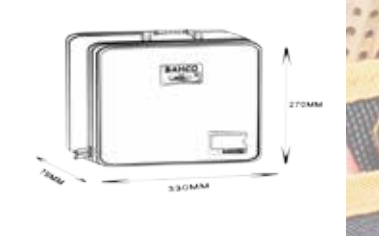

Code: **4750FB3-12**

- Measuring tape holder
- Rubber soft handle
- **Multiple elastics** for tool distribution in the bottom and upper side
- **Card holder** on front and labelling holder on the side for quick identification

Specifically developed to make your job easier

# PLASTIC TOOL BOXES

## 4750PTB50

500 x 295 x 270 mm

Capacity 27 liters

Made of virgin polypropylene (pp)
What makes the box really
**Heavy duty even if used under extreme conditions**

**The aluminum handle** facilitates transportation. If you lift the handle, the bottom part is blocked, preventing the box from opening accidentally

## 4750PTB60

600 x 305 x 295 mm

Capacity 37 liters

**Internal tray** is very helpful for taking only the needed tools into the area or keeping it tidy

**Locking system:**
Even if the latches are open, when the alu handle is in vertical position blocks the bottom part of the box avoiding the box to open accidentally

**Sturdy and big load capacity:**
The design of the box, with Nerves and specific shapes on The corners make it more sturdy increasing the load capacity

## 4750PTBW47

470 x 290 x 630 mm

Capacity 60 liters

## 1496MB2

530 x 290 x 290 mm

## 1496MB3

690 x 360 x 310 mm

## 1496MB4

910 x 530 x 530 mm

## 1496MB5

830 x 440 x 340 mm

## MASON BOX

- HD constructions with weld points in key areas for making the box robust
- Internal protection using a 3.2mm thick plywood with anti-humidity treatment
- Combination of 0.8mm and 1.0mm thickness steel on the stressed areas for avoiding any deformation
- All boxes are including a tool tray which helps the user to carry the needed tools
- Orange powder coating with a texture finishing that is more resistant to the toughest working environments

# WORKBENCHES AND CABINETS

# CABINETS

**1495SC15**
1500 x 170 x 900 mm

**1495SC18**
1800 x 170 x 900 mm

**1495CD60**
605 x 250 x 900 mm

**Compact structure**
The steel frame and grid make it very robust and capable to load it heavily

**Rolling system**
Can be easily rolled down using the two handles available

**Locking system**
The cabinet can be easily closed and even secured with a key

**Perforated panel on sides**
User can store any specific tools/ thing. 100% opening slides provide full access

# BUILD UP YOUR OWN WORKBENCH!

**1495WB15TS**
**1495WB15TD**
**1495WB15TW**
1500 x 750 x 1030 mm

**1495WB18TS**
**1495WB18TD**
**1495WB18TW**
1800 x 750 x 1030 mm

**Choose from the extensive Bahco standard 1470K S**

**Wooden top:**
With 40mm thickness and varnished finished for long lasting, absorbs very well impacts and lubricants

**Steel top:**
With 2mm thickness, it is strategically bended for making it very strong and heavy duty

# ACCESSORIES

**1495WB-AC1**
500 x 500 x 105 mm

**1495WB-AC2**
570 x 528 x 160 mm

Includes metallic dividers
Can be assemblied in any of the sizes

**1495WB15-AC1**
1500 x 504 x 30 mm

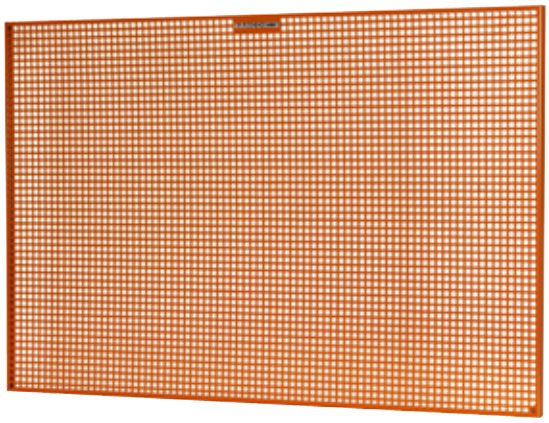

**1495WB18-AC1**
1800 x 504 x 30 mm

**Bottom tray**
Provides storing surface for boxes, cases and similar bulky things

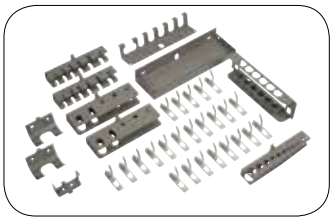

# TOOL PANELS

| 1495TP06 | 1495TP12 | 1495TP15 | 1495TP18 |
|---|---|---|---|
| 600 x 25 x 500 mm | 1200 x 25 x 800 mm | 1500 x 25 x 800 mm | 1800 x 25 x 800 mm |

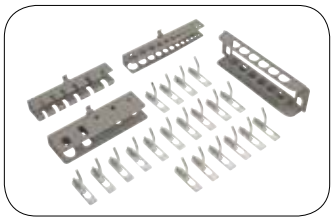

**Sturdy frame:**
The panel has a frame which is bended in the edges in order to be able to stand and be mounted in walls. Stands big loads without having any deformation

**Accessories:**
**1495CS-AC1 / 1495CD-AC1** includes 35 and 24 different hooks which is a good base for the majority of the users. Available for all cabinets and panels
**1495TP-AC1** accessory is used for attaching the tool panels to workbenches with woden or MDF tops

1495CS-AC1

1495CD-AC1

**Series trolley solutions by selecting**

1. Dimensions: 1500 mm, 1800 mm
2. Number of drawers: 5, 6, 7, 8
3. Colours: orange, red, blue and black
4. Tops: wooden. MDF, steel

**MDF top:**
With 40mm thickness, it is very consistent in strengh and size

**Structure:**
The U shape provides robustness
The H shape welded feet brings strength to the workbench
Assembly is easy and quick
The feet has a flat shape for higher stability
Includes anti slippery vulcanized rubber for safety
**Load capacity: 1,5T**

**1470K Series features and benefits:**
Heavy duty construction with strong reinforcement in key areas
Total static load capacity: 600 kg

Long ball bearing slides
100% opening drawers
Load capacity per drawer: 30 kg

Double wall frame
Drawers and slides work even if the frame gets damaged

# NOTES

www.bahco.com

SNAEurope B&C-1232-ENG

# MODULAR SYSTEM

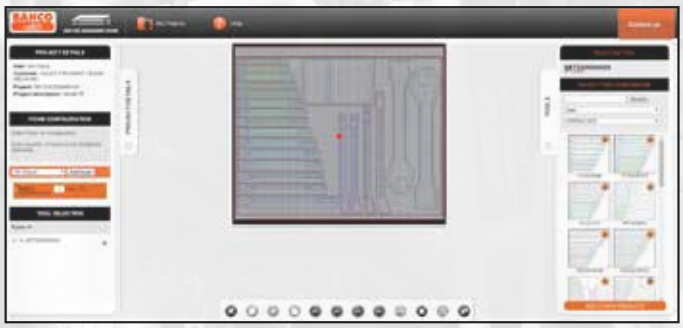

## Each tool in the right place!

ERGO TOOL MANAGEMENT SYSTEM

Bahco has developed a new Modular System based on: Aviation, Auto Repair, Industrial Maintenance, General Industry and other Critical Industries.
Thanks to the new Modular System, customer will be able to create his own composition by using 1/3, 2/3 and 3/3 modules. Bahco offers 141 modules with following split:

| | |
|---|---|
| 49 modules | 1/3 |
| 26 modules | 2/3 |
| 71 modules | 3/3 |

In case customer wants to further customize any of those 141 modules; BETMS configurator gives the option of ungrouping them and building up a customized composition based on the Bahco Handtools and Metal Cutting Tools Assortment.

These range of modules have been developed and it is based on 26" Bahco Trolleys:

181 mm 1/3

362 mm 2/3

543 mm 3/3

- 100% FOD
- Extra deeper hole in the insert facilitates to take out the tool

- Underlay is red, overlay is black. A visible red, means that a tool is missing
- You can easily identify the missing tool thanks to the accurately designed shape

**Inlays properties**

- Resistant to oil and grease
- Easy to clean

# GENERAL PURPOSE SMALL

## 1470K5FFMINI

### GENERAL PURPOSE COMPOSITION WITH 5 DRAWER TROLLEY

- General Purpose Small composition in a 1470K5 trolley:
  - 1/2 socket drivers
  - Combination wrenches
  - Slotted, PH and TORX screwdrivers
  - Bits covering all profiles
  - Pliers: Side Cutters, combination, snipe nose, etc.
- Suitable for most of the applications
- It comes with 1470K5 trolley
- References for those foams are: FF1A5019 and FF1A1008

# TOOL STORAGE HARDWARE

BAHCO

ERGO TOOL MANAGEMENT SYSTEM

# 1470K SERIES

## 26 INCHES TROLLEYS

- Suitable for Modular System
- Available in Orange, red, blue and black
- From 5 drawers to 8 drawers in any color
- Can be developed in any RAL color

ERGO TOOL MANAGEMENT SYSTEM

Round key locking system.
Strong keys and
locking mechanism.

Click/detent closing system at the end
of slides. This prevents the drawers
from opening when moving.

Double wall frame.
Drawers and slides work even if
the frame gets damaged.

Drawer dimensions:
Hx543x445 mm.
Storage capacity: 0.157m3

Heavy duty construction with
strong reinforcement in key areas.
Total static load capacity: 600 kg

Long ball bearing slides.
100% opening drawers.
Load capacity per drawer: 30 kg

Wheels 30x125 mm, ball bearings,
2 fixed and 2 swivel with brake.
Good stability, easy to move and secure.
Non marking rubber.

## ROLL CARTS

- 3 drawers & 2 trays roll cart
- Large foldable tray included: 435 x 425 mm
- Pry bar / screwdriver key locked box included: 23 holes with divers diameters
- Manufactured and designed for easy and quick assembly
- Strong and secure round type key and locking mechanism with same combination in roll cart and pry bar/ screwdrivers box
- Wheels of 100 x 25 mm with ball bearings and non-marking TPR out surface
- 2 swivel. 2 swivel with brake
- Large capacity drawers with click/detent system and 100% opening ball bearings
- Drawers can be lock from the upper tray
- Drawers internal dimensions:
  - (2x) 675 x 375 x 50 mm
  - (1x) 675 x 375 x 110 mm
- Upper tray with 2 gas springs lid that provides a large working surface of 700 x 440 mm
- Upper and bottom trays´ internal dimensions:
  - (2x) 755 x 425 x 77 mm
- 1470KC5: Orange

## METALLIC CASES

- Big capacity but compact case combining drawers for small tools and the upper tray for medium size ones
- The lid is reinforced externaly with an aluminium plate and internally within a metallic grid that also stands the clips for hammers or the other long tools
- The lid handle and the lateral ones allow the case to be handled by two persons and make its transport easy and comfortable even when very loaded
- The case can be secured with standard locks thanks to the lid closing metallic latches that are having the O for them
- Double wall frame protects the slides and drawers from shocks/crashes
- Reinforced areas to reduce stress in specific points of the case
- Long ball bearing slides with 100% opening drawers
- Click/detent closing system of drawers
- Due to an internal system, the drawers are locked when the lid is closed
- Drawers internal dimensions:
  - (4x) 455x208x39 mm
- Upper tray internal dimensions:
  - (1x) 520x250x60 mm

## RIGID CASE ON WHEELS

- Case made of Copolymer Polypropylene (PP) compound/ resin, provides an excellent capacity to impacts and performance even under extreme conditions
- The whole case can be locked by using a padlock. Central one is metal reinforced but there are various others for completely securing the case. Use the BAHCO padlock 4750RCHD-AC1
- Top compartment is the biggest storage area of the case and it is covered by a lid that it is secured by 2 latches. Can be under locked using the key
- Top compartment is the biggest storage area of the case and it is covered by a lid that it is secured by 2 latches. Can be under locked using the key
- Bottom compartment is protected by a door which is secured by 2 latches. Can be folded 167º making its opening easy when it is on a table
- Central key lock: secures top and bottom compartments. 200 different lock combinations
- Embossed BAHCO logo on the bottom compartment front cover for brand building. Can be opened 167º down and remove if necessary

## RIGID CASE ON WHEELS

BAHCO

ERGO TOOL MANAGEMENT SYSTEM

- The case includes a portable tray which is very practical for taking just the needed tools and bringing them to the needed place
- Specific protected space for case identification
- 8 drawer slots: the case is provided following the configuration you can see but the drawers' position can be easily change due to case's 8 slots. There are no sliders, the drawers work by friction having latches that avoid the drawers to fell out accidentally
- Top compartment is the biggest storage area of the case and it is covered by a lid that it is secured by 2 latches. Can be under locked using the key
- Lateral big handles on the sides: are very practical for when lifting the case as well as for when pulling it when it is stored within a corner, van, etc.
- Drawer handles: pivoting system and very flat for space reasons, make the opening of the drawers easy even when wearing gloves

- Under lid optional pallets: the User can separately personalized its case by getting different under lid pallets options we offer. They are easy to assembly and cover different needs

**Pivoting under lid pallet options:**

4750RCWD-AC2
Pouch system

4750RCWD-AC3
Fixed elastics

**Under lid Fixed pallet option:**
**4750RCWD-AC4** Adjustable elastics

Swiveling wheels kit accessory: 4750RCWD-AC1

- By removing the front feet, 4 swiveling wheels can be assembly
- making its driving even easier when working in flat floors
- Increases the height in 45mm.
- For safety, 2 of
- them include brake.
- Dim: 50x18mm
- Hub: Polyamide
- Tyre: Polyurethane

| 1495CS18 | cabinet w/ shutter 1800 mm |
| 1495CS-AC1 | Hook set- 35P |

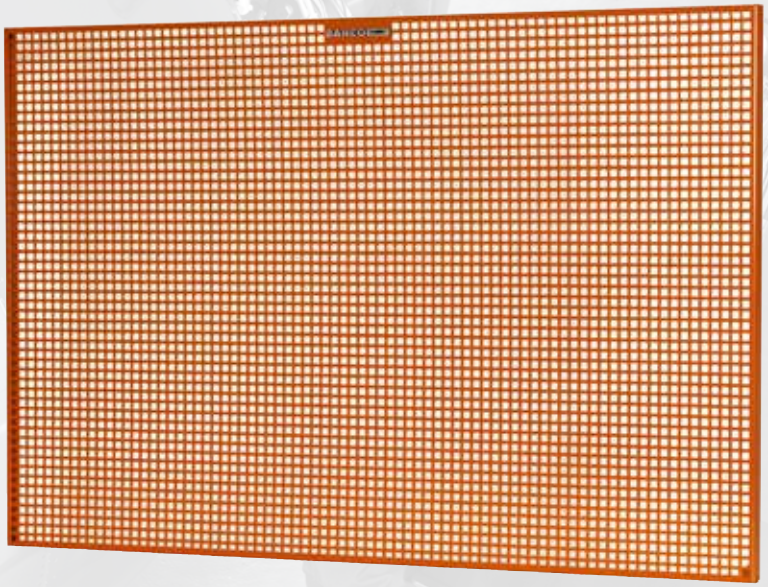

# 1495TP SERIES

## TOOL PANEL

- Sturdy frame:
  The panel is having a frame which is bended in the edges in order to be able to stand to be mounted in walls (comes with hardware for that) and stands big loads without having any deformation
- Four dimensions available:
  - 600x25x500 mm
  - 1.200x25x800 mm
  - 1.500x25x800 mm
  - 1.800x25x800 mm
- Accessories: 1495CS-AC1 includes 35 different hooks which is a good base for the majority of the Users
- 1495TP-AC1 accessory is used for attaching the tool panels to workbenches with wooden or MDF tops

# MASON BOX

BAHCO

ERGO TOOL MANAGEMENT SYSTEM

- Internal protection using a 3,2 mm thick plywood with anti- humidity treatmen
- HD constructions with weld points in key areas for making the box robust
- Combination of 0.8 mm and 1.0 mm thickness steel on the stressed areas for avoiding any deformation
- All boxes are including a tool tray which helps the User to carry the needed tools
- Orange powder coating with a texture finishing that is more resistant to the toughest working environments
- Lid opening system, with L formed brackets on the back side, avoids any unexpected tilting of the box
- Document holder under the lid helps to keep papers and documents clean in the dirty environments those boxes are usually used
- All boxes are including a tool tray which helps the User to carry the needed tools w/o the need to move the big mason box
