

# TAP HOLES QUICKLY AND EFFICIENTLY.

## WILSON TAPPING TOOL

### Fast Taps, Proven Reliability

Wilson Tool now offers the fastest, most reliable tapping tool available on the market, allowing fabricators to eliminate time-consuming secondary operations.

Manufactured by DK Technologies, the Wilson Tapping Tool provides a wide range of user benefits not available with other tapping tools:

- Tap a threaded hole with every machine stroke - up to 200 holes per minute
  - Produce accurate threads at any programmed location on the sheet
  - Available for most major brands of turret style punch presses
  - Built-in tapping fluid injection system is synchronized with the machine stroke to reduce wear and breakage
  - Tapping injection system's large tank enables the tapping of up to 40,000 holes before refilling
  - Taps are easily changed - no disassembly is required
  - Taps are available in both imperial and metric sizes
  - Tool lubrication is made simple through the use of external grease and oil ports

*Strength. Performance. Innovation.*

Contact your Wilson Tool Sales Engineer for more information on the Wilson Tapping Tool, or call 800-328-9646.
